Computational Intelligence, Evolutionary Computing and Evolutionary Clustering Algorithms

www.ebooks.benthamscience.com/book/9781681082998/

About the eBook

This brief text presents a general guideline for writing advanced algorithms for solving engineering and data visualization problems. It serves as as a supplementary guide for students and technical apprentices learning machine language, or participating in advanced software programming, design and engineering courses.

Contents

- Evolutionary Algorithms
- System Specification
- Design and Implementation
- Data Visualization
- User Interface
- A Case Study
- Discussion
- Summary and Future Directions
