## Aims & Scope

Current Biomarkers publishes reviews, research articles and guest edited thematic issues on biomarkers. The coverage includes novel biomarkers in basic, medical, environmental, and pharmaceutical research. A selection of important and recent patents on biomarkers is also included in the journal. The journal is essential reading for all researchers involved in biomarker research and discovery. The journal also covers current research in fast emerging biomarker applications; discovery and validation for drug discovery, clinical development and molecular diagnostics.

- ➔ Publishing Peer Reviewed Articles Rapidly
- ➔ Available in Print & Online
- ➔ Abstracted in Scopus, EMBASE, Chemical Abstracts Service/SciFinder, ChemWeb & more...
- ➔ Free Online Trials for Institutions
